

Monterey Twp Planning Commission Meeting  
Minutes UnApp  
Monday November 10, 2014, at 7:00 P.M.  
At the Monterey Twp Hall

Called to Order: 7:05 P.M.

Roll Call: All present except Steffen was absent.

Approved Agenda: For Nov. 10, 2014  
With item addition of "Approve Minutes form Sept. 8, 20

Approved Sept 8, 2014 Minutes with spelling corrections. All Ayes; Motion Carried.

Sand Mine Renewals: Bill Bolt requested another extension for his Sand Mine on 3259 25th St., Hopkins, MI. Moved by Boeve; Supported by Black to approve for another five years. All Ayes. Motion Carried.

Moved by Black; Supported by Young to send letters to Robert Truax and John Shaendorf advising them to start the reclamation process on their closed mines. All Ayes. Motion Carried. (PCI to monitor.)

Discussion: Black reported the township board has not decided on whether to send a questionnaire in the tax bills; therefore our question is still in limbo. As well as the question wording, which was approved July, 2014 was challenged. There still has not been a decision on the emergency response issue. Clerk Jennifer Frank has applied for a grant for the two boards to attend an MTA education program. Hopefully the master plan will be updated next year. Knobloch told the commission someone else will have to take the minutes in January as she will not be in attendance.

Public Comment: Nothing specific.

Adjourned: 7:50 P.M.

Karon Knobloch, Secretary

14."
